

Founding Offer — Design & Build

How the founding pre-launch advertiser offer works and what is built to support it. Get Goods Gratis (Free) — an 18+ closed-loop retail / e-commerce rewards marketplace. Companion to [CURRENT-FOUNDING-OFFER](#) (the plain description) and [FOUNDING-OFFER-COUNSEL-REVIEW](#) (the counsel packet).

1. The two-phase offer (Founding → Tier 1)

- **Phase 1 — Founding (pre-revenue).** The first **200,000 founding advertisers** enroll at **\$13,000/year** (billed **\$1,000 every 4 weeks across 13 cycles**, a 4-year package). This is a hard slot cap, independent of user count.
- **Phase 2 — Tier 1 (standard).** When the 200,000th founding slot fills, the offer **closes** and becomes the standard Tier 1 offer at **+30% (\$16,900/year)**. Existing founders are **grandfathered** — they keep the founding price and the entire founding perk stack for life. Reaching the cap owes **nothing** to earlier buyers; it is a pure availability threshold, not a payout event.
- **Category exclusivity** — each founder is the only founding advertiser in their category during the founding window.

2. Entry: free trial → auto-convert to paid

A business can **start the offer free** (no payment to begin) and it **auto-converts to the paid founding plan**, built as a compliant conversion:

- **Recurring, not lump-sum** — conversion bills the 13-cycle schedule (\$1,000 / 4 weeks), cancelable any cycle.
- **Charged only after value is delivered** — conversion triggers on the audience/launch milestone, once advertising has begun delivering.
- **Signed B2B order form** — the conversion terms are in a business order form the advertiser signs.
- **Standalone, logged consent** — a separate, plain-language confirmation of what is charged and when, recorded at signup and restated by email.
- **Advance reminders + one-click cancel** — reminders before the first charge; canceling is as easy as signup.
- **Refund window** — a money-back window after conversion.

Controlled by `FOUNDING_FREE_TRIAL_*` settings (default OFF). The billing/consumer-protection specifics are finalized with counsel before activation (see [FOUNDING-OFFER-COUNSEL-REVIEW](#)).

3. The advertising

- **200,000 ad impressions / year** across between-survey and social surfaces, on the 4-year term, with premier/priority placement and a sponsors-wall spot; **100,000 launch-bonus impressions** (one-time).
- **Capacity-paced, deliver-until-met** — guaranteed by **amount, not by date**: impressions deliver as the audience grows, and the platform keeps delivering, free, until the full promised amount is received. The guarantee is **advertising delivered**, never revenue, sales, or ROI.
- **Value stack** — \$13,000 buys roughly **\$26,000 (2×)** of advertising value, backed by guaranteed value-match impressions.
- **Audience-growth dividend** — the impression allotment grows automatically as the user base grows.

4. Included features + max-scale entitlement

- Premium membership; always-on **AI campaign manager + optimization; priority concierge support** (human escalation); free **AI-written creative** with ongoing refresh; **~30 AI social ad posts / month** (labeled); A/B testing, real-time analytics & attribution, consumer-sentiment insights; a **\$2,000 Site Cash grant** (non-cashable store credit, released over the term).
- **Every feature at maximum (Tier 3 / Unlimited) capability, free** — a founding advertiser (`is_founding`) resolves to the highest capability level for every tier-gated feature: maximum AI Creative Suite generations, all ad formats, unlimited concurrent experiments, multivariate testing, the full automation ceiling, predictive learning, and image / video / brand-kit / localization / auto-refresh. Gated by `FOUNDING_MAX_SCALE_ENABLED` (default ON). This maxes feature **capability**, not the delivered ad-impression **volume**.
- **Keep 100% of your own survey earnings for life** (as non-cashable Site Cash); the standard rate is 75% for post-close members.
- **Founder-only perks**: founding price locked forever; "Founding Partner" badge + public wall; founder referral bonus; dedicated onboarding + quarterly strategy sessions; roadmap input / advisory + first beta access; co-

marketing; annual creative refresh; better make-good / extended cancellation terms.

5. The two launch gates

Full delivery is gated on reaching **both**:

1. **200,000 founding advertisers**, and
2. a separate **200,000 regular premium users** — the audience founders advertise to
(`FOUNDING_LAUNCH_MILESTONE_PREMIUM_USERS` = 200,000, measured on real premium memberships).

Together ~**400,000 users** in place before full public launch. The gate governs **delivery**, not a refund (non-refundable in the default presale model).

6. How the funds are used (two-phase)

- **Phase 1 — business expenses only.** Until **both** user milestones above are met (~400,000 users total), the founding funds go to **business expenses** — any lawful cost of operating and growing the business (user acquisition, product, operations, staffing, marketing). During this phase the money is spent on the business, not taken as personal profit.
- **Phase 2 — full discretion.** Once Phase 1 is complete, the funds are the owner's to use at its **sole discretion for any lawful purpose**.

Founding contributions are **non-refundable** (presale model; escrow/hybrid supported by the same code).

7. What's built (settings)

- `FOUNDING_ADVERTISER_SLOTS` (200,000 cap) · `TIER1_PRICE_UPLIFT_OVER_FOUNDING_PCT` (0.30 → \$16,900 at close) · `FOUNDING_CATEGORY_EXCLUSIVITY` (on) · `FOUNDING_MAX_SCALE_ENABLED` (on) · `FOUNDING_LAUNCH_MILESTONE_PREMIUM_USERS` (200,000) · `FOUNDING_DISCLOSURE_COPY` (capacity-paced delivery disclosure, recorded to the consent ledger on /Apply) · `FOUNDING_FUNDS_MODEL` (presale / escrow / hybrid) · `FOUNDING_FREE_TRIAL_*` (free-trial auto-convert; default OFF).
- Price flips automatically when the cap fills; the 100%→75% survey-share revert and the grandfathering are in code. Founding perks surface on /Apply with the delivery disclosure and a required acceptance checkbox.

8. The free / no-upfront participation paths

Alongside the paid founding path there are participation paths — a **no-upfront** path and a **free earn-to-unlock** path — which are delivery schedules, never debts: stop anytime, owe nothing, no penalty.

Not legal advice. The offer, its mechanics, and every line of member-facing copy are reviewed by qualified counsel before launch, and no money is collected until then. Site Cash — including the \$2,000 grant — is closed-loop and non-cashable.
