

The Founding (Pre-Launch) Advertiser Offer — Current Offer

A clean, standalone description of the founding pre-launch advertiser offer as it stands today. Get Goods Gratis (Free) — an 18+ closed-loop retail / e-commerce rewards marketplace. Intended web address: getgoodsgratis.com.

What it is

The **Founding (Pre-Launch) Advertiser Offer** is a limited, introductory advertising + membership package for the first businesses to come aboard before public launch. It is the best deal the platform will ever offer, and founders keep it for life.

Price and availability

- **\$13,000 / year**, billed as **\$1,000 every 4 weeks across 13 cycles**, as a **4-year package**.
- **200,000 founding-advertiser slots**. The offer stays open until 200,000 founding advertisers enroll, then it closes and becomes the standard Tier 1 offer at **+30% (\$16,900/year)**. Founders keep their **founding price for life**.
- **Category exclusivity** — each founder is the only founding advertiser in their category.
- **Grandfathered forever** — founders keep the entire founding perk stack permanently, even after Tier 1 takes over.

Free-trial entry — start free, then auto-convert to paid

A business can **start the founding offer free** — no payment required to begin — and it **automatically converts to the paid founding plan**. The conversion is built to be clean and fair:

- **Recurring billing, not a lump sum** — conversion bills the standard 13-cycle schedule (\$1,000 every 4 weeks), cancelable after any cycle.
- **You're only charged after you've received value** — the conversion triggers once the audience is in place and advertising has begun delivering, not on a bare calendar date.
- **A clear signed agreement** — the conversion terms are set out in a business order form the advertiser signs, not buried in fine print.
- **Plain, explicit consent** — a standalone confirmation of exactly what will be charged and when, recorded at signup and restated by email.
- **Reminders + one-click cancel** — advance reminders before the first charge, and canceling is as easy as signing up.
- **A refund window** — a money-back window after conversion if it wasn't intended.

The advertising

- **200,000 ad impressions / year** across the between-survey and social surfaces, on the 4-year term, with **priority/premier placement** and a spot on the sponsors wall.
- **100,000 launch-bonus impressions** (one-time).
- **Capacity-paced delivery, deliver-until-met** — advertising is guaranteed by **amount, not by date**: it delivers as the audience grows, and the platform keeps delivering, free, until the full promised amount is received. The guarantee is **advertising delivered**, never revenue, sales, or ROI.
- **Value stack** — \$13,000 buys roughly **\$26,000 (2x) of advertising value**, backed by guaranteed value-match impressions.
- **Audience-growth dividend** — the impression allotment grows automatically as the user base grows.

Everything included

- **Premium membership**.
- **Always-on AI campaign manager + optimization**, and **priority concierge support** (human escalation available).
- **Free AI-written ad creative** with ongoing refresh, and **~30 AI social ad posts / month** (clearly labeled).
- **A/B testing, real-time analytics & attribution, and consumer-sentiment insights**.
- **\$2,000 Site Cash grant** — non-cashable store credit, released over the term.
- **Every feature at its maximum (Tier 3 / Unlimited) capability, free** — a founding advertiser is provisioned at the highest capability level for every tier-gated feature: maximum AI Creative Suite generations, all ad formats, unlimited concurrent experiments, multivariate testing, the full campaign-automation ceiling, predictive learning,

and image / video / brand-kit / localization / auto-refresh. This is the most scaled-up version of every feature, at no extra cost. (It maxes feature **capability**, not the delivered ad-impression **volume** above.)

- **Keep 100% of your own survey earnings — for life** (as non-cashable Site Cash), a better share with no cap; the standard rate is 75% for post-close members.

Founder-only perks

- **Founding price locked forever** — the \$13,000 rate never rises for as long as they stay.
- **"Founding Partner" verified badge** + a permanent spot on the public Founding Partners wall.
- **Founder referral bonus** — refer another advertiser, earn bonus impressions / account credit.
- **Dedicated onboarding + quarterly strategy sessions.**
- **Roadmap input / founder advisory**, and first beta access to every new ad surface & AI tool.
- **Co-marketing** — launch PR, "founding partners" announcements, case studies.
- **Annual free creative refresh / seasonal campaign packs.**
- **Better make-good / extended cancellation terms** than standard Tier 1.

The two launch gates

Full delivery is gated on reaching **both**:

1. **200,000 founding advertisers**, and
2. a separate **200,000 regular premium users** — the audience founders advertise to.

Together that's roughly a **400,000-user** audience in place before full public launch.

How the funds are used (two-phase)

- **Phase 1** — until **both** user milestones are met (the 200,000 prelaunch users **and** the additional 200,000 regular users, ~400,000 total), the founding funds are **directed to acquiring those users and building that audience.**
- **Phase 2** — once Phase 1 is complete, the funds are the **owner's to use at its discretion for any lawful business purpose.**

Founding contributions are **non-refundable** (presale model).

No obligation on the free paths

Alongside the paid founding path there are participation paths — a **no-upfront** path and a **free earn-to-unlock** path — which are delivery schedules, never debts: stop anytime, owe nothing, no penalty.

Not legal advice. The billing, disclosure, and consumer-protection terms of the free-trial auto-conversion are finalized with qualified counsel before activation. Site Cash — including the \$2,000 grant — is closed-loop and non-cashable.
